

Products

We create innovative and rich mobile products, utilizing entertainment, social networking and new mobile technologies. Using cross platform characteristics of Flash Lite and empowering strength of KuneriLite on S60 platform, we bring new and innovative products into life.

Most of our end user mobile products work on Symbian devices (S60, Series 40), BREW, PSP, PDAs and even MP3 players.

Featured Product

Haven't you met KuneriLite? Our innovative product helps you to create mobile applications faster, easier, cheaper! Do yourself a favor and meet KuneriLite today.
